

Transylvania Community Tennis Association

The Transylvania Community Tennis Association is currently inactive. The Association needs volunteers who are interested in growing tennis and providing programs in the county for the benefit of people of all ages. The CTA needs people willing to serve on the Board of the organization to help organize events, coordinate programs with the public and private sectors of the county and get people, especially children, back on the tennis courts!

If you would like to help with the TCTA, please contact Dave Hartsock at davehartsock@gmail.com
