**Important Reminders:**

If your home team facility is Aston Park, this facility is not taking reservations at this time. The state is still in phase 2 per Governor Cooper. If you cannot play your match at

Aston Park, you have the following options:

- (1) check with your opponent captain to see if their facility has court availability to host your match;
- (2) play your match line by line (see item 3 below).

Captains may exchange lineups and give each line the names/phone numbers/emails of opponents. Players then jointly decide where, when and time to play their line of the match.

- (3) You may use a private court (meaning a subdivision or apartment complex, if permission is obtained), or public park courts. For a complete list of public park courts available, go to [www.wnctennis.com](http://www.wnctennis.com) , click on Court Locations at the bottom of the main website page and search the applicable county or city of your choice.

TEAMS/PLAYERS should respect private club facilities. If you are not a member of the facility, then you are not allowed on the courts, unless accompanied by a member, and court usage guest fees have been paid.

If you have a reservation at a facility, and you move that reservation, please use courtesy and cancel your reservation in time for the facility to use the courts!
