What's So Great About Tennis??

Playing tennis has sooooo many benefits. I know you believe this or you wouldn't be reading this newsletter!

Tennis can help to improve your coordination, flexibility, strength, balance, and agility. It also helps to reduce stress levels, manage weight, and can, most of all, be a fun and social activity when played with others!

This brings me to talk about the Henderson County Community Tennis Association (CTA)

Scholarships through Education Foundation

Community Tennis Association (CTA). Our mission is to spread the word about the wonders of tennis so others will also reap the benefits we all so much enjoy! We promote and develop the growth of tennis for people of all ages within the greater Henderson County area by 1. developing and assisting tennis programs for all levels of players; 2. coordinating and partnering with area, state, and national tennis organizations; 3. serving as a resource organization for public and private organizations. 4. promoting tennis as healthful recreation and an aid to physical fitness.

Foundation

CTA offers three \$1500 scholarships to deserving senior tennis athletes attending HC area High Schools.

Apple Open Tournament

Organize a yearly USTA Level 5 tournament for tennis players throughout Western North Carolina. We typically raise about \$10,000 after expenses to support our programs and average 200-230 participants. We couldn't do it without our volunteers, so please consider VOLUNTEERING FOR OUR NEXT TOURNAMENT SCHEDULED FOR MID-SEPTEMBER!
